

**3 of Clubs event Update #2 Posted Apr 27, 2010**

The local Mazda dealership in Springfield will have a couple of new Miatas on display at the Route 66 Hotel. Two representatives from the dealership plan to be there for the Friday and Saturday nights event.

On Saturday night we will have a three piece band for entertainment.

The three rides for Saturday are in their final planning stages. The northern route includes a stop at Dickson Mounds, a branch of the Illinois State Museum. It is one of the major on-site archaeological museums in the country. It explores the world of the American Indian, and is very interesting.

The 3 of Clubs t-shirts should be available on our registration page <http://3ofclubs2010.com/> the first week of May. I will send out an e-mail when that happens.
