

Welcome to the CAT N AROUND
July 21, 2012
Mike & MJ Schweiger

On a warm, sunny Saturday in July, 2012, the Badgerland Miata Club toured the WI western counties – starting and ending at Culver's Restaurant on Hwy 33 in Reedsburg- rest stops in Hillsboro-and the highlight of the drive: a run up and around – twice – Wildcat Mountain in Vernon County. Hwy 33 here skirts Wildcat Mountain State Park and is just a joy to drive: 3 miles of constant curves, a couple switchbacks, terrific scenery, and a very well-kept-up highway.

Following this page is the drive route. There are a few tricky spots during the drive – they are pointed out in the directions. The drive is relatively GRAVEL FREE. Prior to this week's rain, there was only one 0.3 MILE STRETCH OF GRAVEL.

This route reflects how the roads were on July 21, 2012. Things might have changed on the route since then. If you choose to drive it, be aware that roads or bridges may be closed or under construction.

Other than that – ENJOY!

You drive this route at your own risk.

The Badgerland Miata Club, Inc., its officers, membership, and the drive leaders or participants, assume no liability for any information contained herein and following; or injuries or damages resulting from the use of this information. The drive route is to be used at the reader's discretion. All drives are informal gatherings and the club assumes no liabilities.
